

THE UNRAVELING OF THE SILK OF KINDNESS GATE

You are able to defend your Life, your Self, from attack without harming
Or taking advantage back, if the sweet long silk of kindness wraps your Self,

From attack

If they're able to learn from their Self
And your kind defense of your Self
To stop blindly attacking your Self
The way they attack their own Self
Then cruelty lack is adroit as their Self
At stop attacking their own wrack^d
If they cannot stop attacking their Self
What empathy can help their Self-hated
What can help a cruel lac-
