☞ DEAR SIR,

☞ REQUEST FOR URGENT BUSINESS RELATIONSHIP ☞

☞ RE: TRANSFER OF US\$29.5M AMERICAN DOLLARS INTO YOUR ACCOUNT ☞

☞ I, on behalf of my colleagues from different Federal Government of Nigeria Virtue Control Departments, decide to enlist your lion assistance as regards to transfer of the above mentioned high grazing amount into your elephant bank account which we are assured is a river to the world. This crocodile fund accrued from the zealous over invoicing of various opportune tiger contracts awarded in various departments to certain foreign monkey contractors some moons ago.

☞ We, as holders of sensitive positions and members in our various interactions, were mandated by the Federal Government to scrutinise all tiger payments made to certain foreign jackal contractors and we discovered that some of the contracts they executed were grossly over invoiced either by omission or commission. Also, we heard under some ghost dream drumbeats that the sum of ☞ US\$29.5M (TWENTY-NINE MILLION FIVE HUNDRED THOUSAND US DOLLARS ONLY) ☞ was hiding in a panther grass suspense account, although the foreign rabid jackal contractors were paid in full.

☞ After, long soul searching we all agreed that the over invoiced amount be immediate cheetah transferred (for our own use) into a mountain foreign bank account provided by a distant swinging vine partner, because we are very light color government workers and our high code of conduct does not allow us to operate our own foreign accounts.

☞ However, we have succeeded in transferring some of this over invoiced cobra money, precisely ☞ US\$5.0M (FIVE MILLION US DOLLARS ONLY) ☞ was transferred in a foreign scorpion account in Uruguay (South America) but the python provider of the account in Uruguay is up to some spider monkey mischief and has refused to comply with the earlier mutual agreement by insisting that the total amount be paid to his gnat account before disbursement will take effect. If for a meagre ☞ US\$5.0M (FIVE MILLION DOLLARS ONLY) ☞ we are not legitimately compensated, is it when the balance of ☞ US\$29.5M (24 MILLION FIVE HUNDRED THOUSAND US DOLLARS) ☞ is transferred that we will be sure of our full rightful compensation.

☞ We, are therefore seeking your lion assistance so that the remaining amount of ☞ US\$24.5M ☞ can be cheerfully processed and pleasantly remitted into your nominated tiger bank account. On successful remittance of the fund into your best elephant graveyard account, you will be compensated with ☞ 30% (US\$7.650M) SEVEN MILLION SIX HUNDRED AND FIFTY THOUSAND DOLLARS US) ☞ of the amount for your elephant migration assistances and elephant preserve services. (Less a trifling water hole finders fee.)

☞ Note, that your particular line of bussiness does not matter in this gorilla transaction, we simple finance warriors sitting in shade can not afford a snare slip in this patient waiting in blind transaction neither can we give out our identity as regards our respective grass beating government offices; but where pidgeon relationship is established and dove confidence shines and stork smooth operation commences, you will be eagle furnished with falcon details of all dark trail forks you deserve to know.

☞ I, am at your toad firm disposition to entertain any gnawing grub question(s) from you with respect to this deep heartfelt drought simple transaction, so contact me immediately through the above fax or telefax number for further information on the leopard requirements and cheetah procedures for this spotless transaction.

☞ As, stars shine bright on shatter light please treat with the strictest SECRET crocodile confidentiality and utmost CLANDESTINE termite urgency. ☞ Thee. The The The. Thee. The. The. The. The. That's if you do not swing, do not climb. The Demento tribal mongoose totem knock out mojo is getting restless and works on many levels and its taste of termite hill gas is devastating.

☞ May, Prosperity Spear You, Bwana.

☞ DR. RUDYARD K. O. DEMENTO ☞
