

The Spirit
 Transformation Of
 Wolf Buttaroma Into
 Wolf Rectum Aroma Gate
 here is a special message of a
 deeper spiritual aroma for you
 my shaman said my
 name was wolf buttaroma i did
 know what her i was a tee pee or a wigwam i only
 realized that i possessed a n elegant power psychosi s so
 much spiritual endangered species threatening smoke signal was
 coming off the top of my head i was a spiritual pollution smoke danger to
 entire earth i believed i was an archetypal smoking teepee a mere spiri tual endan gered
 species shrunk peace pipe ritual enclosure polluting the organic skin of the planet invi sible
 but over odored undetectable save for the distinct smell of inadequacy a mere withered spirit ual
 smoking cigarette butt in the forest of holistic cleanliness whenever power walking women passed me
 they spit i believed i was perceived to be a spiritual astral cognitive smok er sick i believed i was a
 lead wigwam everyone could somehow smell the spiritual esoteric odor of the smoke of the last bot tom
 embers of the camp fire of spiritual decay writing me no one stood up to prairie dog when i walked
 into our office cubicle area whatever the spiri tual solar smoke signal crying out the substance of
 religious decay was i produced it friends claimed the spiritual smell of my pollute d animoe
 was teepee worse yet the spiritual animoe hair all over me was wigwam in me and
 around me my aura was a pathetic wyomingoid sludge ditch and on a chance hike
 through the holy land trekking aimlessly through the dead sea salt i found a mineral
 crystal encrusted reliquary phial marked beware i contain the only remaining substance
 of the condensed pheromone juice of jesus one drop on the tip of your penis will send a natural
 chemical signal of sex appeal to women that compels them toward you jesus did it and so can you
 even after my first small application i noticed power women making power eye contact power flir t
 ing power winking slowing down and introducing themselves in a slight drop of power saliva dripping
 from the corner of their clenched mouth a bite of power sweat shining on a hot baffle harden ed breast cross
 i found that i unleashed raw feminine anima influence i unlock sexual restraint in woman who unknowingly
 inhale invisible odorless undetectable power jesus pheromone juice i power walk my way filth smoke free
 my spiritual jesus penis aroma comes first my spiritual jesus penis power aroma penetrates to their heart of
 hearts now my power aura smells success i have soft cleaned my spiritual name from wolf buttaroma to wolf
 rectumaroma i have made a fortune producing spiritually invisible odorless undetectable personal power tapes
 i've come to be an upstanding member of congress i arouse to compromise all sexual colleagues and all non sexual
 colleagues a new power passion has been erected between me and the organic skin of the earth i am the power
 penis of the earth everyone wants a piece of my red hot itch i don't hide it under a bushel i hide it within
 the spiritual smoke of the last precious drops of my few and my proud chosen power jesus pheromone juices
 and of course i've finally solved my power psychosis after all these power years i now know what my
 power psychiatrist meant when he told me i was two tents stars shine bright on shatter light power
 singing we don't power smoke we don't power for nicate we don't do power drugs we don't power
 drink we don't power feel we don't power im agine we don't power learn we don't power
 think we don't breathe illegally thee the the that's work like a dog for power
 trinket punishments keep your family clean follow the rules take orders
 give up addiction to lies keep your mouth shut and soon you'll be
 smelling almost as good as i'm smelling folks
