

I was
fo
ur
ye

I was sitting on our front
jaw n talking to an ars old girl. She was.
five. I looked her straight in the eye and said, "Fuck."¹
"You don't even know what that means," she laughed, "you
better not say that word to anyone. You'll get in trouble." "Tell me
what it means," I said. "I will not!" she laugh²ed. "You're going to get into
trouble." I was determined to increase my knowledge. Later that day I approached
two much older Goyisha² girls who lived next door to us. We never spoke to their
family. They never spoke to our family. No one ever said why. I looked them straight
in the eye and said, "Fuck?"³ I added the question mark as I believed they would be
more likely to give me a definition if I approached with question rather than demand.
They chased me up and down the street screaming, "Fuck⁴ you! You lousy little dirty
Jew!" Their huge mother ran out of her house to join the chase screaming, "Kill the
fucking⁵ little Jew shit!" As I ran past our house for the third time, I saw my mother
standing like Athena between the pillars of our porch at the door to our house. She
squinted her eyes and pointed at the open door. I ran up our front steps and into
our vestibule. My mother walked in after me but left the door open. The woman
ran up our front steps to our open front door. Her huge red face entered, my
mother slammed the door on her face and knocked her out, yelling, "Hilleria
feh deah!"⁶ My mother turned to me and asked, "What did you say to them,
Schoenah Boobelah?"⁷ "Fuck!"⁸ "It's too good for the Goyum,"⁹ my mother
sneered, opened the front door and spit out. "What does fuck mean?" I asked.
"To make babies." "I thought so," I lied, nodding my head, squinting my
eyes to appear wise. I wondered why people laugh and scream at the
word for making babies. I would have to investigate all this but, at any
rate, on the whole, evidently, perhaps through intensive, ongoing,
impartial, objective scientific research, apriori to a posteriori,
from number 1¹⁰ to number 2,¹¹ from the a-ness¹² of A to the
p-ness¹³ of P, to the zimmus¹⁴ of Z, in the main, one
ultimately knew one had gone far beyond mere
Piss for urine, shit fo r turd: yes: even dork
or cock for penis: One had acquired
the ultimate Power word.

¹ The Unknown ² Unpleasant non-Jewish Neighbors ³ Do you experience sexual intercourse? ⁴ I'll kill ⁵ Schmutzic^a ⁶ Get Malaria ⁷ Beautiful Baby ⁸ A crime of Raskolnikovitchian proportion ⁹ Jew Haters ¹⁰ Urine ¹¹ Feces ¹² Anus ¹³ Penis ¹⁴ Heart of the core of the center of the nucleus of anything known and unknown
